On a quiet street in the popular St Lucia area, this refurbished 2-bedroom townhouse is ideal for students and young professional couples.

The ground floor is tiled with an open plan living, dining and kitchen area. The large floor-to-ceiling windows provide natural light to flow into the main living area. The renovated kitchen is stylish and modern with new appliances such as an electric cooktop & oven, rangehood, dishwasher and an island bench that separates the kitchen from the living area.

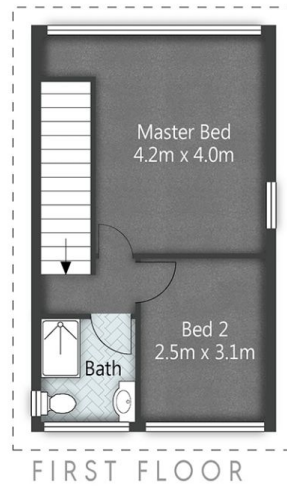

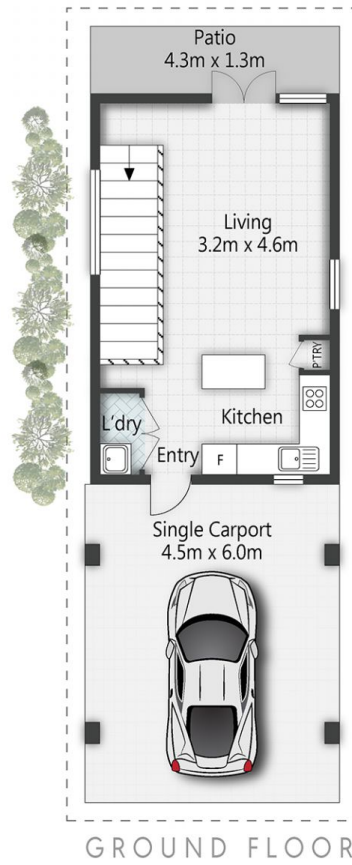

Upstairs are 2 bedrooms which are private and reached from the main living area by a carpeted staircase. Both bedrooms have blinds and are carpeted. The modern bathroom, which is right next to them, receives lots of natural light.
